## 7. Player Selection

Player selection will be at the discretion of the Football Selection Committee, Phase Leaders and/ or club coaches.

For Junior Boys trials, the Football Selection Committee and Phase Leaders will make their squad selections for U12 through to Reserves over the trial period. MiniRoo coaches and Technical Directors will make selections for U8s to U11s. All players will be advised via email at the end of each trial session if they are required to attend subsequent trial sessions and whether they have been successful and/or unsuccessful at any point during the trial process. This will allow unsuccessful players opportunity to trial elsewhere.

For Junior Girls and Senior Women trials, the junior coaches, senior coaches and Phase Leader will make selections for all players trialling from U12s to Reserves. All players will be advised via email at the end of each trial session if they are required to attend subsequent trial sessions and whether they have been successful and/or unsuccessful at any point during the trial process. This will allow unsuccessful players opportunity to trial elsewhere.

## 8. MiniRoos Program & Player Development Profiles

As part of MetroStars' ongoing commitment to player development and providing the best possible football environment, we would like to share an update on our MiniRoos program and the introduction of Player Development Profiles.

Our MiniRoos program is built on the values of development, enjoyment, teamwork, respect, commitment, and creating opportunities for players to grow both on and off the field. While football is a competitive game, our focus at MiniRoos level is long-term player development rather than short-term results.

We recognise that every child develops at their own pace. Our aim is to provide quality coaching, appropriate challenges, and a positive environment that helps players develop technical skills, confidence, decision-making, teamwork, resilience, and a strong work ethic.

### *Player Development Profiles*

As part of planning for the 2027 season and beyond, MetroStars will introduce Player Development Profiles across the MiniRoos program.

These profiles will provide coaches with a structured framework to monitor player development throughout the season, helping to:

- Identify strengths and areas for improvement
- Track development over time
- Set appropriate development goals
- Provide constructive feedback and guidance
- Ensure players are challenged and supported at the appropriate level

The purpose of these profiles is not to place pressure on players, but to better understand individual development needs and support each player's growth.

## *Areas of Assessment*

Players will be assessed across a range of football and personal development areas, including:

| Technical Development | Football Understanding |
|---|---|
| • Ball control and first touch<br>• Passing and dribbling<br>• 1v1 attacking and defending<br>• Striking technique and finishing | • Decision-making<br>• Movement and awareness<br>• Understanding of team roles and responsibilities<br>• Adaptability during matches |
| **Personal Development** | |
| • Effort and work rate<br>• Attitude and commitment<br>• Communication<br>• Willingness to learn and improve | • These assessment areas align with Football Australia and Football South Australia player development principles. |

## *Looking Ahead*

Player Development Profiles will also support future grading and team placement decisions. As the club continues to grow, it is important that players are placed in environments that best suit their current stage of development.

A range of factors will be considered, including technical ability, football understanding, development progress, attitude, commitment, and readiness for future challenges.

The objective of grading is not to label players, but to provide an environment where they can continue to develop, enjoy football, and reach their full potential. Opportunities for progression will remain available as players continue to improve.

## *Communication and Support*

To ensure a fair and consistent process, coaches and assistant coaches will work collaboratively throughout the season, with assessments guided by the Technical Director, Phase Leaders and Sporting Committee.

Parents and guardians play an important role in supporting player development. We encourage families to focus on effort, enjoyment, resilience, and learning, rather than outcomes alone.

All Player Development Profile information will remain confidential and managed professionally by the coaching team, Technical Director, Phase Leaders and Sports Committee.

### *Our Commitment*

MetroStars remains committed to creating an environment where every player feels valued, supported, and encouraged to improve. We thank all parents and guardians for their ongoing support and look forward to continuing to strengthen our MiniRoos program and providing the best possible football experience for every player.

## 13. Insurance

Limited cover is included in the registration fee with Football SA. Parents are also encouraged to take out their own private insurance cover (including ambulance cover). The club will not be liable for sporting injuries. If an ambulance is required or dispatched for your child, it shall be the parent/caregiver's responsibility to cover the cost of the service.

# 14. Parent Information

MetroStars have introduced strict parent behaviour guidelines to assist with the development of individual players and the implementation of a club culture that provides an environment for elite development opportunities. These guidelines will apply to both training and match day and will be strictly enforced to ensure that the environment at MetroStars remains in line with the club culture.

Parents will be provided with workshops to help assist with the development of their child and gain an understanding of the program we operate to facilitate the best opportunities for development within South Australia's elite football club.

Before the start of the season, parents of the players will be asked to attend a short information session to review and discuss the code of conduct for players and parents, expectations and much more! This session is compulsory and will be run on an evening during the off season. Parents will be notified when this will occur.

**Parents are not to miss the session.**

# 15. Become a Junior Team Partner

Corporate Partnership goes a long way towards paying the bills, and any external revenue raised helps to keep the Player fees at a minimum. MetroStars offers any individual or business an opportunity to sponsor a team. You can have your business logo printed in a prominent place on the shirt to advertise your business throughout the entire season.

If you are interested in taking up a sponsorship opportunity, please contact our Sponsorship and Marketing Manager as soon as possible so that we can discuss options and make arrangements.
